World-Class Telephones

The Marquis 9600 DECT Cordless Series with multiple handsets represent the new cordless generation from TeleMatrix. DECT (Digitally Enhanced Cordless Telecommunications) is an established global standard, now being adopted in the USA.

This new, clear-channel technology, coupled with TeleMatrix's dynamic telephone designs, is revolutionizing the hotel cordless world.

DECT 6.0 for North America, DECT 1.8GHz for the World

- ▼ Clear, non-interference reception
- ▼ Dynamic, sweeping telephone design
- ▼ Pass-through High Speed Internet Laptop Port Access
